## ANNIVERSARY OF A. F. & A. M. WAS JOYOUS EVENING

Grand Warder Glen Coe Also Honored at Meeting.

Friendship lodge, No. 7, Ancient Free and Accepted Masons very fittingly observed the eightieth anniversary of its existence at the Masonic hall last evening. The lodge hall was filled with members of the lodge and their ladies when Worshipful Master Grover W. Gehant as chairman of the first part of the evening's program called the guests to attention. The Ingleside quartette of Chicago were heard in several numbers and responded to hearty encores.

The opening part of the program was devoted to the observance of the anniversary celebration. Worshipful Master Grover W. Gehant gave a brief synopsis of the history of the lodge which was granted a dispensation, Oct. 6, 1841, and a charter was granted to work under the jurisdiction of the grand lodge of Kentucky. Edward C. Muller of Chicago, grand lecturer of the state of Illinois, was the speaker of the evening and was heard in a brief address.

Reception for Glen Coe. The birthday celebration was then turned into a reception for Glen F. Coe of this city, past worshipful master of Friendship lodge, who was recently elected a 33rd degree Mason at Boston and a few weeks ago at the grand encampment at Rockford was honored with the office of Grand Warder of the Grand Commandery Knights Templar of Illinois. He was escorted to the platform and made a few remarks in which he expressed his appreciation of the co-operation of the lodge members.

Taken For Mr. Coe. Past Commander in Chief Palmer of Freeport Consistory was introduced and spoke briefly. At the conclusion of his remarks, Grand Warder Coe was presented with a beautiful leather traveling case, a token of the high esteem in which he is held by Friendship lodge. Mrs. Coe was called to the platform and presented with a beautiful bouquet of roses. Robert Fletcher of La Grange, director of the Masonic orphan's home at that place, was introduced and gave a short talk. The program was then turned over to Dixon Commandery, No. 21, Knights Templar, who officially received the officers of the Grand Commandery, which was followed by the reception. Eminent Grand Commander William H. Jennings of the Grand Commandery of Illinois and his staff of Chicago were escorted into the hall. Accompanying him were Eminent Deputy Grand Commander Painter, Grand Junior Warden Hobbs, Grand Prelate Emory and other staff officers.

Following the reception of the grand officers, the guest of honor of the evening, Grand Warder Glen Coe entered the hall with his staff and was escorted to a position on the platform with the other state officers. He again responded to the reception that had been accorded him by Dixon Commandery and was presented with a beautiful leather traveling bag, a token of esteem presented him by Dixon Commandery.

Gift From Sterling. Eminent Commander Kidder of Sterling commandery who headed a large delegation of sir knights from that city, presented the guest of honor with a token from the Sterling commandery.

Visiting sir knights were present from Freeport, Chicago, Oak Park, Sterling, Clinton and other cities. Following the formal reception, light refreshments were served and the remainder of the evening was spent in dancing and in a social way.

## Jury Finds Against City; Verdict \$200

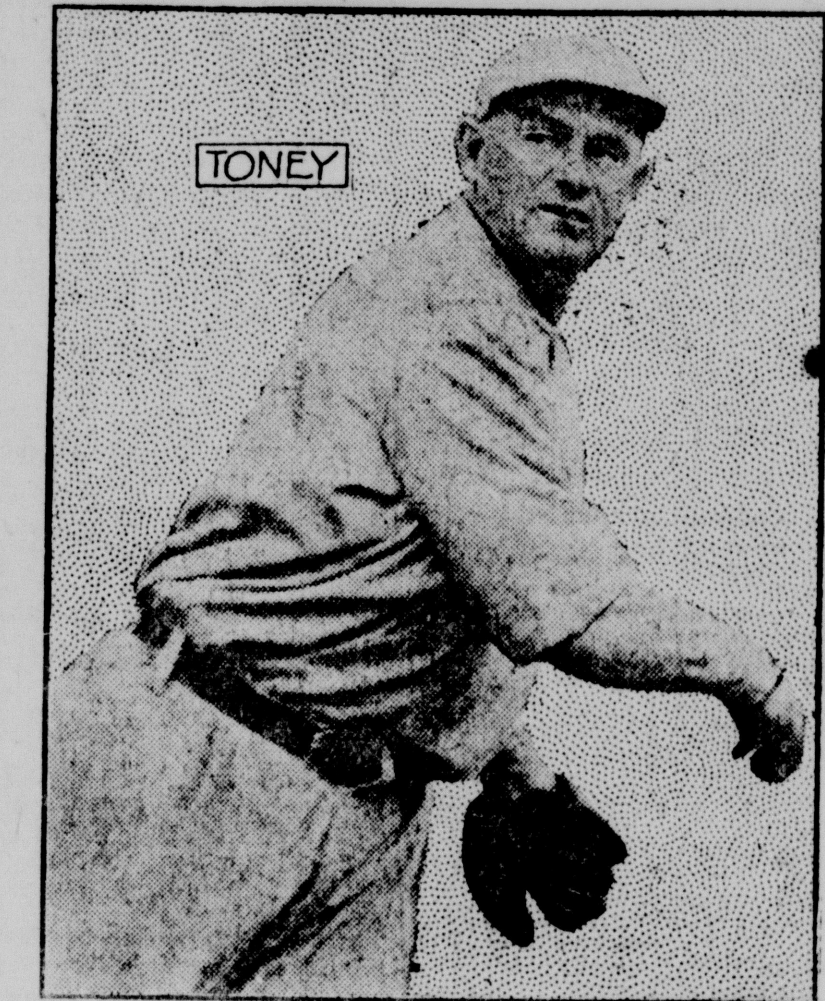

A jury in the circuit court late yesterday afternoon returned a verdict finding in favor of the plaintiff in the case of Carter vs. the City of Dixon, in the sum of \$200. The suit was the outgrowth of injuries which the complainant claims to have received in stepping into an open water trap on West Third street.

## COMMITTEE ON COW TESTING STATION TO MEET THIS EVENING

Plans for New Enterprise Will Be Discussed Tonight.

(By Dixon Chamber of Commerce.) A meeting of the Cow Testing Barn committee is called by Chairman John Erwin for this evening at 7:30 in the Chamber rooms. Plans will be perfected and submitted to the board of directors at their meeting Monday. The purpose of this cow testing plant will be more definitely outlined at this meeting, but it is generally understood that it will be a boon to all the farmers not only in this district, but in the state. The farmer or rural citizen who owns one or two pure bred cows will have the same advantage to develop his cattle as the millionaire who owns herds. The cattle will be tested for their production which if found favorable, immediately increases the value of the animal from 50 to 100%. The movement for pure bred cattle throughout the nation is becoming more pronounced and when this cow testing station and sales station becomes known, men seeking pure bred from every part of the nation will come to Dixon to purchase.

Under State Supervision. This cow testing will be under state supervision, thus the purchaser has a double guarantee that he is getting a real pure bred with a producing record free from tuberculosis or any other bovine diseases. Field Secretary, C. M. Long has been working on this proposition for three weeks in the surrounding district and a report to the committee is expected on his return. The bringing of this establishment to Dixon also means employment to from 10 to 14 families, the help necessary to carry on the work. The estimated amount of money necessary to establish this plant in Dixon is approximately \$17,000. The plans of the committee will be published later, but it can be stated at the present time that this is not a donation proposition by citizens in the district, but is a good investment proposition that any citizen of Dixon and Lee county should support financially and otherwise for it will not only be a good investment, but will bring nationwide recognition to the city of Dixon.

FINED FOR DRUNKENNESS. Frank Ryan of this city was arrested about midnight by Officer Ed. Whetstein for being intoxicated. This morning he was arraigned before Justice Grover W. Gehant in police court and was fined the customary \$10 and costs.

R. Raymond Durand of Chicago visited Dixon friends yesterday.

## DIXON GRIDIRON WARRIORS READY FOR CLINTON, I.A.

One of Most Important Games of Season Tomorrow.

When Dixon and Clinton High school foot ball teams meet tomorrow afternoon at the new Athletic Field one of the most important games on the local high school team's schedule will be played. The Dixon boys finished their preliminary practice for the game with a short snappy signal drill this afternoon and Coach Bowers states the team is in very good condition to meet their opponents on the morrow. After two weeks hard practice in every branch of the game Dixon should show a marked improvement over the game it played against Rochelle at the opening of the season.

Not much is known of the Clinton aggregation, but Dixon is going into the fray with a determination to wipe out last season's 14 to 0 defeat at Clinton's hands. A large delegation of Clinton rooters will accompany their team here.

## Nearby Cities Form Basket Ball League

By Associated Press Leased Wire Chicago, Oct. 7.—The Western Basketball association has been organized here to sponsor a league taking in a dozen Indiana, Illinois and Wisconsin cities in the Chicago territory. ## "CO-OP" SOCIETY BANKRUPT? U. S. COURT DECIDES

Society in Which Dixonites Are Interested Fails.

The Cooperative Society of America to purchase stock in which many Dixonites were solicited during the spring and summer, yesterday was adjudged bankrupt by Federal Judge Evan A. Evans in Chicago. The Central Trust company was appointed as receiver.

The decision of Judge Evans came after nearly two years of litigation. At the time it was rendered a petition in bankruptcy proceedings was being heard by Master in Chancery C. B. Morrison of Dixon, and an investigation which the authorities say may result in charges of fraud was being conducted by postoffice inspectors.

The society at the close of business yesterday claimed ownership of one bank, a twenty-one story building, a life insurance company, the largest wholesale grocery house in Chicago, numerous canneries, land development projects and 181 operating grocery stores.

Assets Shrink; Debts Grow Its assets, stated by officials of the company, were more than \$5,000,000. Its liabilities, officials claim, are less than \$2,500,000.

According to evidence submitted before Judge Evans and Master in Chancery Morrison, and according to the decision of the judge, its liabilities are nearer \$15,000,000. The assets seizable by the receiver today are not expected to total more than \$50,000.

Neither of the three trustees of the society, Harrison Parker, John Coe or George Hawkinson, could be found by interviewers early last night.

Members Now Creditors According to officials of the society more than 81,000 people have purchased memberships in the association—which is organized as a common law trust.

Judge Evans' decision yesterday, according to Attorney Henry S. Blum placed each of these members in the category of creditors of the association to the amount of the face value of certificates which they held or to the amount of money which they had invested in the society.

The involuntary petition of bankruptcy on which Judge Evans' decision rests was filed more than a year ago. Last January an injunction was granted prohibiting further sales of the society's "certificates."

How Certificates Were Sold Then came the bankruptcy hearings before Master in Chancery Morrison. It was disclosed in the transcript that the certificates were sold

## OSTEOPATHS OF DISTRICT HAD MEETING HERE

Rockford Selected for Meeting Early in January.

The Second District Osteopathic Association held their meeting yesterday afternoon at the Y. M. C. A. rooms, following a luncheon at the Nachusa Tavern at which over twenty were present from surrounding towns.

The program which was especially interesting, provoked a great deal of very helpful discussion.

Dr. Wright of Belvidere read a paper on technique or method of treatment of spinal lesions, illustrating his talk by means of a disarticulated spine.

Dr. Wise of Rockford, past president of the State association, talked on the Hospital question in which he said that the solution of this question at the present time lay in building own hospitals. This he stated was being done now in most of the larger cities; not only are the osteopaths building these hospitals but philanthropically inclined laymen who have become interested in the future of the profession are supplying the money.

Dr. Trowbridge of Dixon gave a very interesting synopsis of his recent post graduate course at the Chicago College of Osteopathy. The following officers were elected for the coming year:

President—Dr. Deeming, of Sterling. Vice Pres.—Dr. Wright, of Belvidere. Sec.—Treas.—Dr. Elizabeth Shupert, of Rockford.

The association wishes to thank the Y. M. C. A. for the use of the pleasant room in which the meeting was held.

The next meeting will be held at Rockford on the first Thursday in January.

## Pearl City Youth Taken Here, Stolen Car in Possession

A young man who gives the name of Earl Williams and claims Freeport as his home, was picked up last evening as he was driving into town with a Ford automobile which was minus both lights and state license numbers.

At the police station he related conflicting and unconnected stories. Chief Van Bibber finally started an investigation and found that his prisoner was Millard Walters of Pearl City, a high school student who disappeared with a Ford car belonging to a Mr. Heter a few days ago.

Winters claims that he is but 19 years of age and told the police that he had sold the car to a manager of Bradstreets in Chicago and was taking it to Chicago to be delivered to the new owner at the Municipal Pier. He is being held while Pearl City and Stevenson county authorities are further investigating the case.

## FEDERAL VETERINARY SAYS HERDS IN SOME TOWNSHIPS ARE DUE

Nelson, Palmyra May and Amboy in Infected Area.

Cholera in hogs and Mycotic-Stomatitis in cattle has taken on an unusual virulent form in many localities in northern Illinois in the last three weeks stated Dr. I. N. Nabeck, Federal Veterinarian in charge of the control of acute infectious diseases in the north portion of the state.

Mycotic-Stomatitis in cattle is caused by a mold in pastures during a wet spell in late summer and a dry spring. Thirty years ago this condition was very common in northern Illinois, the disease affecting a great many herds at present in counties south of Whiteside, Lee and LaSalle. Herds of prime cattle and calves emaciate in a few days and two to five percent die.

The affected animals have a high temperature, off feed, very thirsty, stiff, stilty action, drooling, in few days sores develop on muzzle and in mouth; areas of skin on back and neck crack open with serum from the blood covering the affected parts.

Relief Measures. Heart stimulants, local treatment of the affected parts, comfortable quarters and change of feed have tended to benefit the sick one, although the economic loss is heavy.

The hog cholera situation is abnormally active for this season of the year. Practically every county is having the disease to contend with to some degree.

The spring flare up was soon controlled by immune treating the hogs in the infected areas by burning all diseased carcasses and infected material, cleaning and disinfecting premises. However, a few sporadic cases during the summer undoubtedly have spread through the farm operations and at present the infection in all probability will spread in the north portion of Nelson township, south portion of Palmyra, Maytown and Amboy; although a few thousand hogs have been immune treated the last few days in these localities, however cholera infection is in these townships and jeopardizes the hog raising industry.

Whiteside county veterinarians have immune treated more than 25,000 hogs this summer, although cholera has broken out the last few days in Tama and Hume township where no hogs were immune treated.

Two herds affected with cholera have been observed in western Ogle county within the last week.

Acute Elsewhere. Cholera is reaching an epidemic stage in Burlet township, Winnebago county, Harlem and Shannon townships, Stephenson county, Squaw Grove, DeKalb county, Rawlins and

## Plan Sale of Seals in Lee Co. This Year

The Lee County Tuberculosis Association of the county held a meeting last evening and some business was transacted.

Miss Mary Wynn was appointed a delegate to the State Conference of Tuberculosis societies at Urbana from Oct. 15th to 18th. The question of the Christmas seals for the benefit of the Tuberculosis patients was taken up and Mrs. J. M. McCleary was appointed chairman and will have charge of the distribution. It is thought that the seals will reach here about Nov. 1st.

Every Christmas package and letter should bear these seals. Each seal purchased by you carries a bit of courage and a hope of health to those threatened with the white plague or those who already have it.

## Dixon Horse Paced Fastest Heat of Day at Races at Peoria

Goldies B., the pacer owned by T. E. Beck of this city, who has made an excellent showing on Illinois tracks this season, attracted considerable attention yesterday in the race meet at Peoria which is being held in connection with the National Implement exposition and the National Swine show. Mr. Beck's entry, paced the mile in 2:64 1/2 which was the fastest heat of the day, and in the 2:08 pace classic, Goldies B. took second place after recovering from a spill on the track in an earlier heat.

Smashed in 8 Runs in "Lucky Seventh"; Score 13 to 5.

POLO GROUNDS, NEW YORK. Oct. 7.—(By Associated Press.)—The Giants emerged from their batting slump today, cuffed three Yankee hurlers off the mound and submerged the American League champions by a score of thirteen to five in the third game of the world's series.

The thirty-eight thousand spectators saw the Giants rain base hits all over the place in the seventh inning and when the dust had settled the score board showed eight runs for the National League.

The Yankees took the lead in the third inning by getting to Toney for four runs but the Giants came right back and tied the score.

FIRST INNING. Yankees—Miller lined out to Frisch. Rawlings threw Peck out at first. Toney got a big cheer when he fanned the mighty Babe.

No runs, no hits, no errors. Giants—Burns flied out to Meusel. Ward threw Bancroft out at first. Frisch singled into right. Young walked. McNally threw Kelly out at first.

No runs, no hits, no errors. SECOND INNING. Yankees—By fast base running Meusel stretched his single into left into a two-bagger. Pipp sacrificed, Toney to Kelly, Meusel going to third. Meusel went out at the plate when Rawlings took Ward's grounder and threw to Snyder. McNally forced Ward, Bancroft to Rawlings.

No runs, one hit, no errors. Giants—Meusel singled past Ward, and Bob Meusel nearly caught his brother at first with a quick throw. Rawlings lined out to Ward who made a wonderful leaping catch and doubled Meusel with a quick throw to Pipp. Snyder singled into left. Snyder tried to steal on a short passed ball and was thrown out, Schang to Peck.

No runs, two hits, no errors. THIRD INNING. Yankees—Schang walked. Shawkey singled and Schang went to third. Schang scored on Miller's single into right. Shawkey stopping at second. Peck walked, filling the bases and up came Ruth. The mighty Babe singled to center, with the count two and three, and Shawkey and Miller scored.

Giants—Burns flied out in an attempt to steal second, Snyder to Rawlings. Ruth's single blew Toney off the mound and Barnes went to the box. Meusel walked. Peck scored while Rawlings was throwing Pipp out at first. Meusel went to second. Ward fanned.

Four runs, three hits, no errors. Giants—Barnes singled into left. Burns flied out to Miller. Bancroft singled into right, Barnes stopping at second. Shawkey walked Frisch, filling the bases. Young drew a walk and forced in Barnes with the Giants' first run of the series. Shawkey forced in another run when he passed Kelly, the Yank pitcher having no semblance of control. He was taken out and Quinn took the job. Frisch scored when Meusel went out to Pipp. Young going to third and Kelly going to second. Young scored on Rawlings' infield hit, Kelly going to third. Snyder fouled out to Pipp.

Four runs, three hits, no errors. FOURTH INNING. Yankees—McNally was hit by a pitched ball and got free transportation to first. Schang singled into right field, but was thrown out trying to stretch it into a two-bagger. Young scored. McNally went to third. Quinn fanned. Miller also fanned.

No runs, one hit, no errors. Giants—Ward tossed out. Barnes. Burns got a three base hit up against the right field fence. Quinn fanned. Frisch walked and stole second, Schang not trying to get him. Peck threw Young out at first.

No runs, one hit, no errors. FIFTH INNING. Yankees—Peck flied out to Meusel.

### Film Comedian Must Appear in 'Frisco Court Today.

By Associated Press Leased Wire  
San Francisco, Oct. 7.—Arraignment of Roscoe C. Arbuckle on a charge of manslaughter in connection with the death of Virginia Rappe, film actress, is on today's calendar in the San Francisco superior court. Arbuckle left Los Angeles for San Francisco late last night, his attorneys said.  
When the case was called Monday, postponement until today was granted at the request of defense counsel. Scores of letters, some complimentary and some threatening, have come to police judge Sylvan Lazarus, who held Arbuckle to answer before superior court on a charge of manslaughter following presentation of evidence concerning a drinking party at a hotel where Miss Rappe was one of Arbuckle's guests.

### Mob, After Negro, Shown He Was Not in Ft. Worth Jail

By Associated Press Leased Wire  
Ft. Worth, Texas, Oct. 7.—Officers early today escorted a committee from a mob of several hundred persons through the county jail here in response to their demands that the jailer produce David Dunn, negro, who was indicted yesterday by the Tarrant county grand jury on a charge of robbery with firearms.  
After examining each cell and satisfying themselves that the negro was not in jail, members of the committee joined the mob outside. The greater part of the throng then entered automobiles and sped away to the city jail, where a similar scene was enacted.  
The negro after robbing a party of campers at Lake Worth, a pleasure resort near here Tuesday night, is said to have attempted to attack a young white woman member of the party.  
Reports from Dallas late last night were to the effect that the negro had been taken to the jail there for safekeeping. The leader of the mob held a rope in his hand.

## \$4 TAX PER GAL. ON ALCOHOL MAY BE AGREED ON Expected to Get \$75,000,000 Additional Cash.

By Associated Press Leased Wire  
Washington, Oct. 7.—A tax of \$4 a gallon on all alcoholic liquor withdrawn from bond for industrial, medicinal or any other purposes, has been agreed upon by Republican leaders as a part of the new tax revision program. This is an increase of \$1.80 a gallon and is expected to yield \$75,000,000 additional revenue each year. The proposal to repeal the \$3000 exemption allowed corporations was abandoned on the ground that it would work too great a hardship on the small corporations. The leaders also were said to have decided on a unit corporation income tax of fifteen per cent in place of a ten and fifteen per cent rate.

### Stepson Held for Morgan Co. Murder

By Associated Press Leased Wire  
Jacksonville, Ill., Oct. 7.—Morgan county authorities today were sifting the circumstances surrounding the death of James Gaddis, a farmer whose body was found in a cornfield near here yesterday. Meanwhile Ellisworth Piers, 18 year old stepson of Gaddis, was being held.  
Investigation disclosed that there was no empty shell in the shotgun which Piers said he found near Gaddis' body. Dr. H. C. Woltman, who examined the body, said the gunshot wounds were two widely scattered to indicate suicide. The shot which killed Gaddis was fired from a distance of several feet at least, county authorities believed.

### In Hard Lines

"I could not work at all and had to take to my bed with a high fever due to intestinal indigestion, gases in my stomach and pain in my right side. I had spent my last cent for doctors and medicine, which gave me no relief. I was in despair. A lodge brother gave me a bottle of May's Wonderful Remedy, and the first dose relieved me. Thanks to this medicine I am now in the best of health." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all drug stores.—Adv.

## FEDERAL VETERINARY SAYS HERDS IN SOME TOWNSHIPS ARE DUE

(Continued from Page 1.)

Mission townships, LaSalle county. Although thousands of hogs have been immunized treated. Individual veterinarians treating 10,000 to 12,000 hogs. Other northern counties have from one to four isolated areas and the disease is liable to spread to an epidemic form.

Hog cholera is a highly contagious disease of swine caused by a virus present in the blood, urine, feces, and secretions of the eye and nose of cholera hogs. It is accompanied by fever and has a high death rate. When cholera first appears in a herd the hogs do not all become sick at once, usually only one or two will refuse to come up to feed with the herd. They will remain hidden in the nest and when driven from the bed they appear cold and shiver. The rest of the herd may remain apparently healthy for several days as the disease progresses the sick hogs become gaunt, have a weak staggering gait, the weakness being most marked in the hind legs, and temperature from 104 to 107 F, eyes congested and glutinated.

Cholera does not occur in a herd except through the specific germ of the disease. Any agency which will serve to carry infected litter, manure or material of any sort may result in an outbreak of cholera on the farm. The U. S. Bureau of Animal Industry discovered and perfected the vaccination preventing hog cholera. When administered in healthy hogs will protect them from cholera. However, hogs sick with cholera can not be cured with this treatment or any other remedy.

Progressive stockman insure their buildings against the possible loss by fire. Hog raisers in cholera infected areas should insure by immune treating their hogs and have the assurance of marketing their years profit ore.

The cost to immune treat a mixed herd of hogs at this season is a fraction less than one cent per pound per live weight.

### Judge Gave Wrong Man Lecture for Beating Up Wife

By Associated Press Leased Wire  
Chicago, Oct. 7.—A meek man with downcast eyes standing beside Mrs. Joseph Yenofsky was sentenced to jail yesterday by Judge Jacobs in municipal court after Mrs. Yenofsky had told the court how her husband had beaten her unmercifully. It was not until after sentence had been passed and he had been subjected to a severe lecture, that the Frank Kelly with Mrs. Yenofsky's aid, convinced the court that he was not her husband but as appearing in connection with another case. The court's order was withdrawn.

## MOTHER, QUICK! MOVE CHILD'S BOWELS WITH "CALIFORNIA FIG SYRUP"

Hurry mother! Even a sick child loves the "fruity" taste of "California Fig Syrup" and it never fails to open the bowels. A teaspoonful today may prevent a sick child tomorrow. It is constipated, bilious, feverish, fretful, has cold, colic, or if stomach is sour, tongue coated, breath bad, remember a good cleansing of the little bowels is often all that is necessary.

Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "CALIFORNIA" or you may get an imitation fig syrup.—Adv.

Never say "Aspirin" without saying "Bayer"

Warning! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin. Aspirin is prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. All druggists sell Bayer Tablets of Aspirin in handy tin boxes of 12, and in bottles of 24 and 100. Aspirin is the trade mark of Bayer Manufacture of Monacoeleidester of Salicylicacid—Adv.

## NEVER EXPECTED TO FEEL SO FINE

Chicago Woman Took So Many Medicines Without Getting Relief She Became Discouraged.

"Since taking Tanlac I feel better than I ever expected to feel any more and I'm glad to give the medicine my highest praise," said Mrs. Emma Lucas, 934 North LaSalle St., Chicago, Ill., well-known business woman.

"For many years I suffered from indigestion and stomach trouble, and during the past two or three years my health was so bad it was only my will power that kept me from collapsing entirely. I suffered from gas, and a burning, aching sensation in the pit of my stomach nearly all the time. My nerves were so badly unstrung I could get no restful sleep, and always felt so tired I could hardly stay up. At times I had an awful 'swimming' of the head, and had to be taking something constantly for my liver. In fact, I never had a minute's ease and comfort, and I took so many different medicines without getting any relief that I thought nothing could help me.

"However, a friend of mine told me how Tanlac had helped her, so I started taking it and it seemed to fit my case to a 'tee.' I gradually got rid of the indigestion, the burning feeling and the gas on my stomach ceased bothering me, and now my stomach feels just like a new one. My health is so good now I can attend to my business without a bit of trouble. I like to recommend Tanlac because I believe it will be doing others a favor to get them to take it."

Tanlac is sold in Dixon by Thomas Sullivan and by the leading druggists everywhere.—Adv.

## "CO-OP" SOCIETY BANKRUPT, U. S. COURT DECIDES

(Continued from Page One.)

cript that the Cooperative Society of America had entered into an agreement with the "Great Western Securities company," which was composed of Mrs. Edith L. Parker, Harrison Parker's wife; a man named "Higgins," a bookkeeper, and a stenographer in the Cooperative offices, to handle all sales of the society's certificates.

The Great Western company received a 20 per cent commission for selling the certificates. Out of this sum the company paid all selling expenses. The remaining 80 per cent was, under the contract to be turned over to the Cooperative society.

Form Wholesale Company  
It was further disclosed that to handle its grocery business the Rochdale Wholesale company had been organized. Testimony developed before Master Morrison showed that the entire capital stock of the wholesale company was held by Higgins.

Higgins, testimony said, lived at the Waldorf-Astoria hotel in New York and was a retired capitalist. Search for him at the Waldorf-Astoria brought the information that no person of that name was registered there. Neither Dunn's or Bradstreet's could give a financial rating on him. It was further disclosed that there

was a considerable mortgage on the People's Life building at Randolph and Wells streets, one of the society's enterprises.

Asks Receiver Named  
These and other developments caused Master Morrison to appeal to Judge Evans immediately to appoint a receiver, that the assets of the society "might be preserved" to its creditors pending the outcome of the bankruptcy hearing.

The final hearing on this question came up last Monday afternoon. The attorneys for the society asked Judge Evans for more time that they might present evidence which they declared would prove the concern to be solvent.

**AIN'T IT FINE TODAY?**

"Sure, this world is full of troubles—  
I ain't said it ain't,  
Lord, I've had enough and double  
Reason for complaint;  
Rain and storm have come to fret me,  
Skies are often grey;  
Thorns and brambles have beset me,  
On the road—but say,  
Ain't it fine today?"

What's the use of always weepin',  
Making trouble last?  
What's the use of always keepin'  
Thinkin' of the past?  
Each must have his tribulation—  
Water with his wine;  
Life, it ain't no celebration,  
Trouble—I've had mine—  
But, today is fine!

It's today that I am livin',  
Not a month ago;  
Havin', losin', takin', givin',  
As time wills it so;  
Yesterday a cloud of sorrow  
Fell across the way;  
It may rain again tomorrow,  
It may rain—but say—  
Ain't it fine today? —

**ST. JAMES' AID SOCIETY MEETING—**

The members of the St. James' Aid society held an interesting meeting Wednesday afternoon at the home of Mrs. Harry Patterson.

There were fifteen members and visitors present.

The meeting was opened with the singing of "Blessed Assurance."

The Scripture Reading by the president of the society, Mrs. Emma Geisler, followed.

The minutes of the preceding meeting were read and approved.

A short business session took place during which time plans were made for the holding of a chicken supper at St. James Tuesday evening, Oct. 18th.

The meeting closed with the repeating of the Lord's Prayer.

During the social hour which followed, tempting refreshments were served and enjoyed.

**DELIGHTFULLY ENTERTAINED AT MRS. E. J. FRANKS—**

Mrs. E. J. Franks of Third street delightfully entertained at her home Wednesday the members of the F.L.A. club of Sterling. It was an all-day meeting, and at noon a delicious scramble luncheon was enjoyed. The home was prettily decorated with flowers.

The members of the club played five hundred and some of them spent the time doing fancy work.

Mrs. C. A. Tippet and Mrs. Harry Ford, both formerly of Dixon, are members of the club. Mrs. Tippet is a sister of Mrs. Frank and Mrs. Ford a niece.

The day proved a happy one for all.

**ATTENDED MASONIC RECEPTION—**

Mr. and Mrs. Charles Bradshaw, of Compton, were here last night attending the Masonic reception given by local Masons in honor of Glenn F. **WOMAN'S FOREIGN MISSIONARY SOCIETY M. E. CHURCH—**

The Woman's Foreign Missionary society of the M. E. church held its first meeting of the year at the beautiful home of Mrs. C. A. Buchner, 317 Everett street on Thursday afternoon. The day was almost a perfect one and the forty-seven people gathered passed a very pleasant and profitable afternoon.

The devotional service was in charge of Mrs. Willford. The business session opened with reports of officers and superintendents of the different departments and showed that the efforts of the members had been crowned with success in the year that has passed. The society has a membership of 171. The treasurer's report was most gratifying, nearly \$1,000 having been deposited in the treasury which has been used for foreign work, beside the gift of \$500 bequeathed this organization by the Rev. Thomas Leake, of which one-half \$250, went to a girls' boarding school at Darjeeling, India, and \$250 to an evangelistic training school at Peking, China. The business over, a beautiful Victrola number was enjoyed, also a song by little Catherine Buchner. Owen Meyers favored with numbers on the trombone, and Carl Buchner with a number on the violin.

The introduction to the Study Book, "The Kingdom and the Nations," was ably given by Mrs. Ahrens. Mrs. Fordham followed with the first chapter in the book, "The Kingdom and the Nations," was ably given by Mrs. Ahrens. Mrs. Fordham followed with the first chapter in the book, "The Kingdom and the Nations," was ably given by Mrs. Ahrens.

The district convention of this society will be held in DeKalb, Oct. 18-19, of which more will be said later.

**LADIES' AID OF ST. PAUL'S CHURCH HAD MEETING—**

The members of the Aid society of St. Paul's Lutheran church held a business meeting yesterday afternoon at St. Paul's Lutheran church. There were twenty-three members present and one visitor.

The treasurer's and secretary's reports were read and approved.

The chief feature of the afternoon was the election of officers which follows:

President—Mrs. Otto Boier.

Vice President—Mrs. Conrad Salzmann.

Secretary—Mrs. M. D. Hubbard.

Treasurer—Mrs. Will Boier.

Press Correspondent—Mrs. Bert Keat.

The next meeting will be held on the first Thursday in November at the home of Mrs. James Boyer.

**GUESTS FROM STERLING AT RECEPTION—**

Mr. and Mrs. John Wetzel, and Howard Llewellyn and sister, Mrs. Hickman, and Mr. and Mrs. Wm. Stoeckle, of Sterling, were among the guests at the Masonic reception last evening.

W. T. Vaughan and wife, and Roy Brink and wife, of Amboy, were also in attendance.

Miss Mary Charters and brother, Mr. Charters, of Ashton, were in attendance at the reception.

**IF YOU ARE WELL BRED—**

You may dispense with the note of introduction if you wish to make two friends in a different city acquainted and simply give to the one who is to be introduced your own calling card with the friend's name and the word "introducing" before it.

You will let the man friend who is calling on you attend to his own hat and coat—both placing them when he enters and getting them when he leaves.

You will, if you wish, enclose with the

wedding announcements a calling card bearing the name of the newly wedded couple, such as Mr. and Mrs.—and bearing the address of their future home. A card of the same kind may be used by the bride when she returns from the honeymoon in calling on friends who have extended courtesies, but it should not be used in ordinary calling.

**GOLDEN RULE CLASS TUESDAY—**

The Golden Rule Class of St. Paul's Lutheran church will meet Tuesday evening, Oct. 11, at the home of Miss Vera Heckman. The assistant hostesses will be Miss Myrtle Shaffer and Miss Nellie Heckman. The members will meet at the church at 7:15 preparatory to going to the Heckman home.

**WERE VISITORS HERE THURSDAY—**

Miss Marjorie Leslie and Miss Irma Barr and Dr. E. P. Wright and Dr. M. W. Schellenberger, of Belvidere, formed a party driving to Dixon yesterday. The gentlemen were here to attend the meeting of the Osteopaths in Dixon yesterday. Miss Leslie is the daughter of Mr. and Mrs. W. S. Leslie, former Dixon residents.

**W. R. C. TO MEET MONDAY—**

The members of the Woman's Relief, No. 271, Auxiliary to the G. A. R. will meet next Monday evening at 8 o'clock in G. A. R. Hall.

As this is the last meeting before inspection, it is requested that as many as possible attend.

Note the time of the meeting, Monday evening at 8 o'clock.

**WEEK-END AT CRYSTAL LAKE—**

Representative and Mrs. John H. Byers and family will spend Saturday and Sunday with Mr. and Mrs. Harry G. Byers, brother of Representative Byers, at their home near Crystal Lake, Ill. They will motor there.

THE SANCTITY OF CONTRACTS

"Since the war business morals in the United States have been shot to pieces," So states a writer in a recent number of one of our nationally circulated magazines.  
This may be true, not only of the United States, but of the world. However, it is the morals of the individual that are at fault and they are merely reflected through his business in a larger and more public way, thus attracting more attention. Honesty and fairness is right, in business or out of it, and when a firm or corporation seems to be affected with "can- cellitis," it can always be traced back to the "power behind the throne"—to the individual whose personal policies are passed on to his subordinates with instructions to act.  
That there has been an enormous increase in "tax methods," to use a soft sounding term, is undoubtedly true. This increase has caused the formation of a National Bureau of Commercial Contracts; it has caused the National Association of Purchasing agents to undertake a campaign for standardized contracts; it has caused the introduction of a bill before the North Carolina General Assembly to prevent the abrogation of contracts by public service corporations; and it has been the moving force behind innumerable suits at law—all because the moral fibre of the policy directing individual was too weak to stand the strain.  
It is useless to talk of "business morals." This is an abstract term like the "corporate soul." It is better to get introspective and when in doubt use the Golden Rule as the perfect moral law. Personal honor will not permit a man to do other than keep his pledged word whether it means financial gain or financial loss, and the honest and continually successful head of a corporation injects his personal honor into every act of that corporation. He avoids broken agreements, unkept promises and sharp practices as he would avoid theft. He places character and good reputs above profits. And he never asks a subordinate to do anything in the name of the corporation that he, as its controlling mind, would not do over his own signature or in his private life.—Cotton.  
YOUR COMFORTS  
Something that probably has puzzled you often is expressed in this letter from a reader of a city newspaper:  
"Years ago I paid 25 cents to have a trunk hauled by a baggageman with horse and wagon. Inventors gave us motor trucks, which now charge me \$1 for the same haul.  
"I claim that the notion, that mechanical inventions make for cheap production, is a fallacy.  
"In the last 50 years, so-called labor-saving devices have been applied to coal mining, cloth weaving, transportation, farming and other industries.  
"What is the net result? Have these inventions given us cheaper products? They have not. Prices have steadily advanced. Every time an inventor makes a short-cut in the production of any article, the price tends upward.  
"My notion is that the solution of the cost of living is to go back to the old-fashioned system of making things by hand. Let us discard our burdensome machinery."  
In the matter of prices, the writer of the above is right. On general principles, he is wrong.  
He makes the mistake, common to most business men and workers, of measuring prices in terms of dollars instead of the fraction of his total buying power that each article demands.  
He overlooks the fact that, though prices have gone up with the intro-

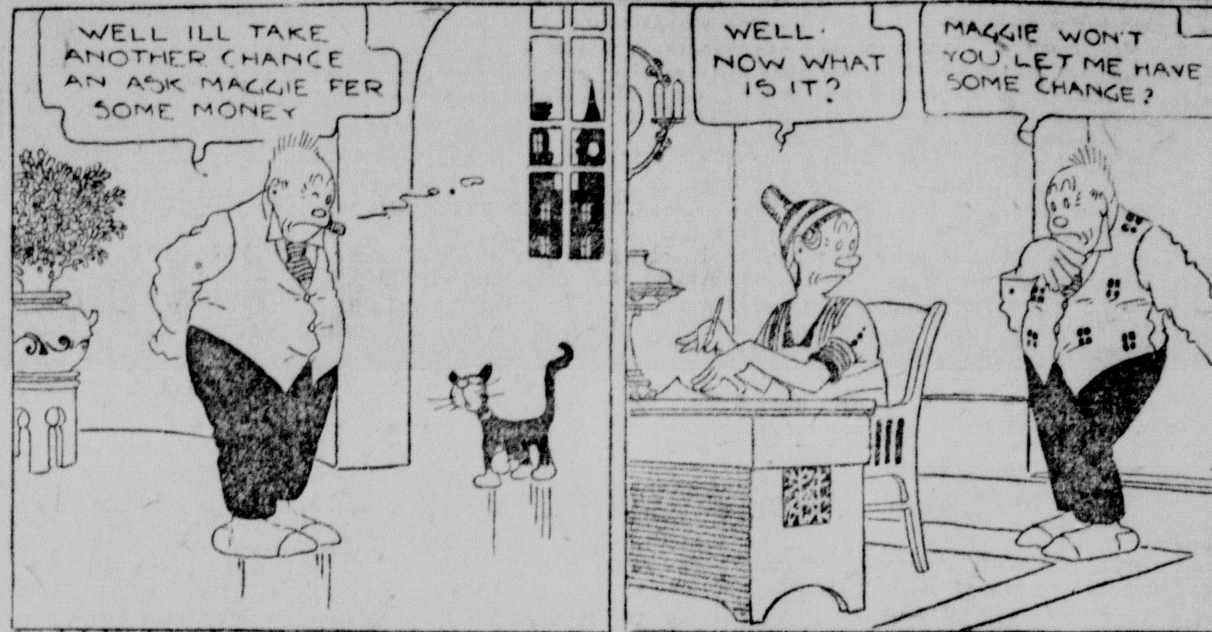

duction of machinery, so have incomes mounted.  
The reward you get for your daily toil is expressed in what you are able to buy—in the furnishings of your home, the food you eat, the luxuries you have, and the pleasures you obtain.  
Your ancestors, in those "glorious" days before the coming of machine production, had none of the luxuries you regard as necessities. Where you push an electric button, they read by dim candle light. You eat, as a result of machine refrigeration, foods that were denied the richest kings of a century ago.  
You see a movie every day if you want to. Your grandfather went to a circus once a year.  
Time was when only the nobles could afford horses. Now millions can afford motor cars.  
Individual articles cost more than in the days of hand production, but machine production enables us to have 1000 comforts to every one that was in common use before the mechanical age.  
If the writer, who complains against machines, wants a really sound argument, let him ask this question:  
"Would we be better off, and happier, if we discarded most of the devices made necessary by congested civilization, junked our machinery and cities and went back to the simple life? The standard of material living constantly advances, but is the price worth it?"  
ROTTEN  
Summing up the Arbuckle case, Police Judge Lazarus commented on the scarcity of evidence that might be construed to connect the defendant with a crime.  
The assistant district attorney interrupted: "But your honor is not overlooking the witness who heard Miss Rappe saying 'I'm dying, he hurt me?'"  
"No," answered the court, "but I am taking into consideration the fact that she was in great pain, that she said he hurt her, but not that he attacked her. It reminds me of the line in Lord Byron's 'Don Juan':  
"And saying she would never consent."  
The courtroom laughed uproariously, say the dispatches.  
Usually in commenting on a criminal charge as serious as that in the Arbuckle-Rappe case, the judge uses as his reference such serious sources as the Ten Commandments or the statutes based fundamentally on them.  
Lord Byron, the distinguished reference cited by Police Judge Lazarus, was a rake, notorious in his day as a dissolute and revolting participant in the vilest of debauches.  
When law conceives any connection between such a character and a case like the Rappe girl's fate, Blackstone finds himself in the company of Boccaccio and Oscar Wilde.  
It is a rotten precedent.  
FORGOTTEN  
In 1653 two important skeletons were discovered near Tournai, France. They have been identified as Mr. and Mrs. Childeric. Ever hear the name? Few have.  
Yet Childeric was king of the Franks (ancient French) in the year 481 when the Franks and their allies stopped Attila and his invading Chinese armies at the Marne. That battle determined that Europe was to have a white instead of Mongolian civilization. Three hundred thousand dead were left on the field.  
Now Childeric and his legions are nearly forgotten.  
History has a poor memory.

This World

Take it by and large, and all in all  
This world is pretty decent to a guy.  
Of course sometimes the graft is kind  
of small.  
And Fate quite often bangs you in the  
eye.  
But mostly you can sort of wriggle  
by.  
And Lady Luck will hear you when  
you call—  
Take it by and large, and all in all.  
At times it seems you're up against a  
wall  
With not a chance to climb it, it's so  
high;  
But if you keep your gumption and  
your gall  
You'll find a way to scale it, when  
you try.  
"Won't get you nothing if you whine  
and bawl,  
For folks won't listen to a quitter's  
cry.  
But—take it by and large, and all in

This world is pretty decent to a guy.  
There's always those who'll help you  
when you fall,  
Unless you squeal and whimper where  
you lie

There's friends who will be faithful till

There's love to fill you with a glory

WHEN A WOMAN TELLS

By RUTH AGNES ABELING

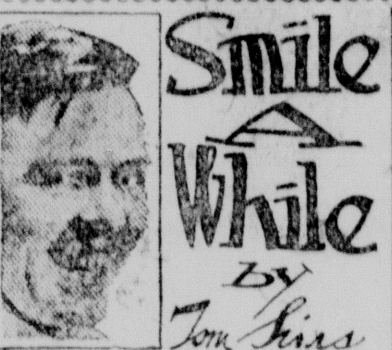

CHAPTER LXVIII.

I thought for a moment, as I watched the expression on the face of John Ames, that his memory was about to come back.  
But in an instant the flash was gone and he looked dully at the floor.  
"Come, dear," Mrs. Ames drew her husband to his feet and, like an obedient child, he walked along beside her.  
I couldn't help thinking, as they walked out, of how much John Ames would have given for that "dear" on a certain night when he had wanted to talk to Lila and she impatiently closed her door on him.  
Probably that kindness then would have prevented this suffering now. But it is characteristic of us humans to think of things after it is too late.  
"Terrible— isn't it?" I said, realizing as I uttered them how foolishly superfluous the words were.  
Tom didn't answer for a long time. Finally:  
"Yes, it is terrible, and I wonder how it is all going to work out. But what about yourself? Are you tired?"  
It was gratifying to know that he at least thought of me sometimes.  
"I am tired," I said, feeling suddenly dizzy and weak.  
"You had probably better go up to your room and rest. I'll drop in again soon."  
He was leaving, but just then Grace appeared in the doorway.  
"Pardon—I didn't know you were here." There was nothing in her voice which should have troubled me, but her smile was almost too happy and it lingered on Tom's face. I couldn't answer her smile. I hadn't seen her since I had heard her voice that afternoon in Tom's office.  
"How is Mr. Ames?" I heard her asking.  
And in Tom's answer it seemed that

I could find a tone too gentle.  
Without a word to either I slipped out of the door and started up the stairway.  
"Helga—are you ill?" There was concern in Tom's voice.  
But, had I answered, my voice would have broken—so I rushed on up the stairs into my own room and there cried the thing out.  
—Alone in my room that afternoon I decided that I should never see Tom Bradford again. My little "mile-post" I tore up and as I dropped it into the waste basket I felt as if I was destroying my own heart.

THE LOST PEARL.  
This was the letter that Cap'n Pennywinkle received from the Fairy Queen. He read it aloud to Nancy and Nick, and all the Wiggles heard it.  
"Dear Captain Pennywinkle," it went:  
"I sent my messenger, Silver-Wing, to find me a large pink pearl in the South Sea. He found one under a coral reef, inside of a big pearl oyster, who kindly consented to give it to him. But flying home over your part of the Briny Ocean, Silver-Wing took it out of his pocket to look at it, and it fell into the sea. Will you please get the twins to help you to find it, if they have not lost their Magical Green Shoes, and if they still have the Charm the Magical Mushroom gave them, so that they may speak to all the Wiggles people? I hope that you may be successful in finding this beautiful pearl, as I want it for my crown."

SUCCESS

BY DR. WM. E. BARTON.

WILLIAM E. BARTON.

success, earned it honestly.  
Go and do thou likewise.

Recently I heard one man ask another, "How do you account for Worthington's success?"  
The other man answered, "The only way I know of accounting for it is that he has the goods."  
That had not seemed to occur to the man who asked the question. He seemed to be one of the kind who assumed that if any man attains to a success greater than his own, it is because he inherited wealth, or married the daughter of his employer, or had a pull with some one higher up.  
That seems to me a bad habit. It is not good for a man to get to thinking that the success of other men is a sham.  
It is a coward's consolation for one's own failures.  
It is better to assume that other men have won their success honestly, or that if they have not won it in that way are not likely to hold, and then to resolve to win success for one's self honestly and not otherwise.  
This thing of attempting to account for men is delusive. We cannot account for any man. The most commonplace man has about him something unaccountable. But in a world where the field is open and competition keen, not many men are able to secure and hold positions of eminence unless they deserve them.  
When you see a man who has risen, rung by rung on the ladder of success, do not deceive yourself with the notion that he had a halloo. If he had, the gas would have escaped some time ago. The chances are that he got there by climbing.  
If you believe in the balloon theory, you are liable to waste valuable time looking for the gas bag, when you ought to be gripping the lower rungs of the ladder, and bracing your feet for the ascent.  
There is some sham success, and some of it has an astonishingly long run of apparent reality; but in the end it shows itself to be just what it is. But the best thing for you to assume is that the man who has succeeded and who is still master of his

Common Sense Ways to Keep Well  
RHEUMATISM  
BY R. H. BISHOP JR., M. D.

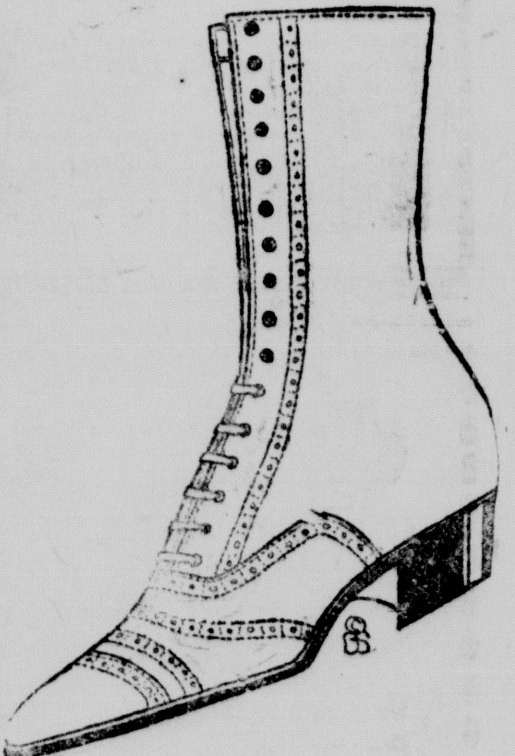

There is no medicinal cure for rheumatism, but certain remedies and measures wisely applied and carefully followed will provide relief.  
Often people who have what they call touches of rheumatism do not have the disease at all. It may be merely strain induced by faulty habits of posture in standing, walking or sitting or from weak feet. In such cases, adoption of a correct posture, living a hygienic life will usually cure this so-called rheumatism.  
But the true rheumatism is a pus infection. It is evident from increased temperature, and swollen joints. The muscular pains which it produces in its victims is very similar to those induced by muscular strain, but it requires vastly different treatment.  
The trouble in rheumatism often arises from bacteria in clogging the small blood vessels in the joint with the result that nutrition is impaired. The bacterial poison actually attacks the tissues, heat centers and central nervous system, thus causing fever.  
It usually comes from an infection in the head, tonsils, tooth sockets or elsewhere. Some cases, however, may be due to the absorption of bacteria from the intestines.  
The disease is greatly favored by cold and damp weather or such influences as lower the resistance of the body to the infection.  
The best cure for rheumatism is to get the germs out of the body. Find the seat of the infection, whether it lies in the tonsils, teeth or middle ear or other center, at the same time, keeping the body in the highest possible resistant condition.  
An observance of simply hygienic and avoidance of cool or damp places and sudden changes of temperature will serve to keep the body resistant. The bowels must be kept open not through purgatives but through proper diet.

## ROBBERS BLEW BANK VAULT AT HOLDER, ILLINOIS

Escaped with 25 Safety Deposit Boxes After Fight.

Bloomington, Ill., Oct. 6.—Yegmen blew open the vault of the bank of Holder, near here at 3 o'clock Wednesday morning and escaped with the contents of 25 safety deposit boxes.

Four shots of nitro-glycerine were used to force the combination of the vault. The first of these aroused the townspeople, who swarmed into the streets. Several shots were exchanged but the robbers fled down the railroad right of way, where their trail was lost, some three miles north of the village.

The amount obtained cannot be ascertained until the renters of the safety deposit boxes check up their losses.

The money safe was not molested.

## THE RANGE BEAUTIFUL

The strikingly beautiful outlines of the Copper-Clad Range stops every woman. As she looks and admires, she finds that it is true beauty—the beauty of simple elegance and perfect proportion—of fine finish—the thoroughbred of the Range World.

Look for hinges on the above—two only on the oven door and they are long and smooth. There are six other doors yet not a hinge in sight, not a catch, nor hook nor latch. Built like fine automobiles, the hinges are all inside.

## COPPER-CLAD WEEK, NEXT WEEK. OCT. 10 TO 15

No matter whether you want a range now or next year or any other time, it will pay you to come and see the Copper-Clad Crank make the Asbestos Sweat.

He takes any piece of Asbestos, puts it between two iron plates—heats it—and shows you the sweat. You can roll it up in drops with your finger.

Every good range must be lined with asbestos to cage and hold the heat around the oven and keep down fuel cost. Every time the range cools off, the asbestos takes moisture out of the fresh air circulating through the range like a blotter takes up water. When you fire up, this moisture is driven by the heat to the outside against the cold range body and starts Sweat-Rust on the inside where you can't get at it even though you know it rusts. Sweat-Rust ruins thousands and thousands of otherwise good ranges every year. When the body is gone, the range is done for.

"Free" means that this ware does not cost Copper-Clad buyers a single penny. It is a reward for buying while the Crank is here and is offered by him to justify you in attending this sale.

This ware is very substantial and just the kind that you would select if buying for your own use. The 7-in-1 convertible cooker takes the place of seven different vessels, as shown by figures 1, 2, 3, 4, 5, 6 and 7. You can use this utensil in some form every day.

Free to every Copper-Clad buyer during this sale.  
Come—See the Asbestos Sweat.

## The Copper-Clad Idea is "Pure Sheet Copper" Between the Asbestos and Range Body.

Copper never rusts. It may tarnish but it will last centuries. There are Copper Domes that have been defying the elements for hundreds of years. So, when we say a "Copper-Clad can't rust out," we mean that the copper lining overcomes all internal rust. Your greasy rag will keep the outside free of rust—and there are no fussy ornaments full of rivets and bolts to skin your hands. The Copper-Clad wipes clean like a dish.

If these things are so—you should know it. Not by hearsay—but by the evidence of your own eyes. Remember, this Copper-Clad Crank is here to tell—to show—to explain. He delights in it. You won't "bother" him by asking questions. He has oodles of time to answer and he is here to "Show You."

## KID TWIRLER GOT SWEET REVENGE ON "NAPOLEON" M'GRAW

Surely "Got Even" with  
Muggsy for Turning  
Him Down.

By Associated Press Leased Wire  
New York, Oct. 7.—Waite Hoyt, youthful pitching hero of the second world's series game, was happy today in the realization of a secret ambition—to beat the club that turned him loose on his first venture into the big leagues.

A mere schoolboy, just out of Erasmus Hall high school, Brooklyn, in 1916, Hoyt was signed by Manager McGraw of the Giants, but was quickly released to the minors.

The Giants' chief sat on the bench yesterday, sadly watching the cast-off turn the National League's back with two scant hits for a 3 to 0 victory.

The young twirler, now only 22 years old, was as cool and sure of himself as a Mathewson. "He had everything, plus," as the experts say.

But his father, Add Hoyt, who had shared the secret of his son's ambition, was as excited as Waite traditionally should have been. The elder Hoyt was one of the first to congratulate him in the club house after the game.

Ruth Has Own Ideas  
Babe Ruth has some ideas of his own about what is news. The most "snapped" man in the series thought enough pictures of him had been taken of him yesterday when he was asked to pose for the 101st time during the day.

"Here, why not take a picture of my glove instead?" the home-run king said. It was a new idea for the photographer and he complied, with Babe holding up the inside of his outfielder's mitt, closer to the lens. The glove is far from handsome. It is an old one, black and greasy, with a hole in the middle of the padding, in the palm of it. But Ruth likes it and wouldn't trade for the best new glove on the market.

Mays and Hoyt, the two winning Yankee pitchers are tied for first place in their club's batting averages.

Each has one hit to his credit for an average of .333. Ward and McNally, with two each, are tied for second place with .286.

In contrast to the Yankee pitchers' batting averages is that of the Giants' twirlers, Douglas and Nehf, neither of whom made a hit. Frisch tops the players of both teams in hitting—five hits out of eight times up—.625 average.

To Stage Some Comedy  
Nick Altrock, famous comedian of the Washington Americans believes the series is too serious. He is going to put some comedy into it today. With Al Schacht, also of Washington, Nick will stage his entire repertoire of antics on the sidelines before today's game.

Forty-five baseballs were used in the second game. Out of five dozen brand new ones, furnished by the Yankees, as it was their day "at home," the umpires saved five to use in early batting practice today. The balls for today's game will be furnished by the Giants.

When George Burns was called out while trying to steal second in the eighth, he sat on the bag for a minute or two looking at the umpire. If he said anything to that official the latter kept it to himself. Finally Burns walked toward the field carrying a small portion of the Polo grounds with him.

It was the opinion of Charles Ebbets, president of the Brooklyn National League club that his team played better ball against the Cleveland 1920 world's champions than the game.

LET DIAPEPSIN END  
GAS, INDIGESTION

"Pape's Diapepsin" has proven itself the surest relief for indigestion, Gases, Flatulence, Heartburn, Sourness, Fermentation or Stomach Distress caused by acidity. A few tablets give almost immediate stomach relief and shortly the stomach is corrected so you can eat favorite foods without fear. Large case costs only few cents at drug store. Millions helped annually.—Adv.

Giants have played against the Yankees thus far.

Besides pitching well, Waite Hoyt exhibited a good hook slide. After his hit in the third inning, Nehf tried several times to nip his rival off first, but the Yankee twirler got back to first each time, with a finely executed slide.

## Government Netted \$94,000 from Sales of Waste Material

By Associated Press Leased Wire  
Washington, Oct. 7.—Recent sales of waste material and salvage property left by the troops when they evacuated Camp Meade, Md., and Grant, Ill., netted the government \$94,000. Secretary Weeks, in announcing the sums today said \$44,000 resulted from the sales at Camp Grant and the remainder at Meade.

## Taft Again Heads Unitarian Meeting

## PARLEY ON RAIL STRIKE LIKELY, LEADERS STATE

Strike Vote May Only  
Be Club to Main-  
tain Status.

By Associated Press Leased Wire  
Chicago, Oct. 7.—Both railroad operating officials and union leaders today professed to see a possible peace parley on the threatened railroad strike as the result of a decision announced yesterday to have a meeting here next Monday of 800 chairmen of railroad unions to confer on the strike question.

While four of the unions are counting a joint strike ballot here this week and tabulation has not been completed, it was generally admitted that the workers will come to the conference armed with a strike vote apparently representing the sentiment of the men the country over. While the unions are expected by railroad officials to make the most of this referendum many expressed the opinion that it would be used to enforce a continuance of present conditions rather than as a weapon to bring about the status and wages prevailing before the United States Railroad Labor Board authorized reductions.

Edward Moser, four-year-old son of Mr. and Mrs. Guy Moser, who resides four miles north of Grand Detour, fell and broke his left leg Monday afternoon while playing at the home of his aunt and uncle, Mr. and Mrs. Charles Helfrich of Artesian Place. A physician was summoned and reduced the fracture, the little fellow being removed to the home of his grandparents, Mr. and Mrs. Frank W. Fisher, where he is resting as easily as could be expected.

## Methodists Object to Italian Papers

By Associated Press Leased Wire

## Meat Cutters Plan Strike Vote Again

By Associated Press Leased Wire  
East St. Louis, Ill., Oct. 7.—A strike vote on the question of arbitration will be started late today by 2,300 members of the Amalgamated Meat Cutters & Butcher Workmen of East St. Louis packing houses, according to an announcement by Earl Jimmerson, local secretary of the organization. The vote will be continued through Saturday when it is expected to be completed then forwarded to Chicago where the votes will be counted and the result announced.

The packing house workers are opposed to the abolition of the arbitration board which has handled their disputes the past few years. Efforts to re-establish the board since its expiration Sept. 15, have failed.

**SECOND BOY IS  
FOUND HANGED  
WITHIN A WEEK**

**Chicago Authorities in  
Search of Mystery  
Solution.**

By Associated Press Leased Wire  
Chicago, Oct. 7.—The mysterious death by hanging of two fourteen year old boys in less than a week today offered the authorities one of the most puzzling problems they have faced for months. Last Sunday the body of Samuel Buffington was found hanging in a closet of his home, the hands tied behind his back. After four days of investigation authorities were today still undecided whether it was a case of suicide, accidental strangulation or a possible murder.  
Last night the body of Edward Knaus was found hanging in the basement of his home. One end of a rope passed around his waist and passed through a ceiling hook and the other end fastened into a noose was about the neck. The cases are nearly identical. The Buffington youth was an expert in knot tying, the Knaus boy almost daily played with lassoes. In either case, so far as can be learned, was there a motive for suicide.

Scientists say medical scientists may be caused by the habit of sitting perched on the edge of a chair.

Perfect home dyeing is guaranteed with Diamond Dyes even if you have never dyed before. Just tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton, or mixed goods. For fifty-one years millions of women have been using "Diamond Dyes" to add years of wear to their old, shabby waists, skirts, dresses, coats, sweaters, stockings, draperies, hangings, everything!—Adv.

**Hundred Freshmen  
Enrolled in State  
U. Coaching School**

Urbana, Illinois. — One hundred freshmen have just enrolled in the University of Illinois Athletic Coaching School. These freshmen and upper classmen come from twenty-two states.  
The Athletic Coaching school was started by George A. Huff eight years ago as a part of the University of Illinois Summer School for the purpose of offering an opportunity to school and college coaches to improve their technique and knowledge of athletics. Three years ago a four-year course likewise was added. Students may graduate from this latter course with a Degree of Bachelor of Science in Physical Education. The entrance requirements are the same as for any other college in the University.  
The work of the Illinois school for coaches has already attracted wide attention and other Universities are following the example set by the University of Illinois.  
A number of Illinois men have recently gone out of the University into good coaching positions. "Tug" Wilson has already assumed his duties as Director of Athletics in Drake University in Waite High Toledo, Ohio; Bob Fletcher, star quarterback on the Varsity for the last three years is coaching at Findley, Ohio, and his brother, Ralph who won a number of games for Illinois by well placed goals from the field, is coach of the West Aurora High School. Russell Linden, Varsity end, is coach at New Trier High School at Kenilworth, Illinois; and Harold Davis located at Orange, California.  
The demand for trained coaches far exceeds the supply, and as a result in a great many cases men who have been trained as engineers, chemists, and what not, are filling the coaching positions. When the coaching schools which are now conducting courses function to their limit, the result will be more specially trained men for specialized work.

**Second String Box  
Men May Meet Today  
in Chicago's Series**

By Associated Press Leased Wire  
Chicago, Oct. 7.—The third clash of the two Chicago clubs to decide the baseball championship of the city and scheduled to be played today in the home of the National League club, gave promise of being a battle between second string pitchers.  
Indications early today were that Manager Gleason of the White Sox with two games already tucked away in the win column, might rely on "Shovel" Hodge, whose change of pace was expected to baffle the Cubs. Roy Wilkinson also was anxious to oppose the Cubs. Virgil Cheever was thought to be the logical man for

Manager Killifer to choose to check the hard-hitting crew from the American League. Percy Jones and Elmer Ponder were ready, however, and either may draw the assignment.  
Rain which set in last night stopped early today, and although the predictions were for more rain today, indications were that it will be possible to play if it clears up by noon.

**Dixon Men May Go  
to Hear Governor**

Representative A. T. Tourtellot late yesterday afternoon received communication from Cornelius R. Miller, director of public works and buildings at Springfield, relative to the visit of Governor Small in this locality tomorrow. An itinerary of

the trip taken by the governor's party from Aurora to Fulton over the Lincoln Highway was contained. A number from Dixon are expected to go to Sterling where the state executive will deliver an address.

**Walter Pearce Will  
Join Staley Coaches**

By Associated Press Leased Wire  
Decatur, Ill., Oct. 7.—Walter "Div-er" Pearce, former Rockford shortstop and later given a trial with the Cubs and who played with Rochester in the International League this season, arrived here Thursday to join the Staley football eleven. Pearce, directed the starch workers from the quarter back position in all their games last season and with Pete Stinchcomb will give the locals two classy pilots.

APPLES

We are opening the Apple deal with our first car Michigan stock just received today. We will be the largest Apple handlers in this section of the season as usual. We have a good line up on stock and will be heaviest on box Apple deal from the west. While this western stock is not as good flavored as the eastern stock it is of fine appearance and good keeping quality. As the middle and eastern states have a very short supply this year it makes prices on the cream of the eastern stock most too high for our market.

PESKY BED BUGS

Bedbugs lay an average of seven eggs per day. Under favorable conditions they hatch in five days of which two-thirds are females. They mature to adult size and are capable of laying in four weeks. How many bedbugs would you have in a year if you left one female or egg unmolested for one year?

To rid the pesky bedbug, you readily see how necessary it is to use a preparation that will kill the eggs as well as the live ones.

P. D. Q. has been demonstrated by the leading Hospitals, Hotels and Railroad Companies that the safest and most economical way to stop future generations of bedbugs,

roaches, fleas and ants is to use the new discovery Pesky Devils Quietus "P. D. Q."

A 35c package of P. D. Q. makes a quart enough to kill a billion bedbugs, roaches, fleas and cotes... at the same time destroy their eggs.

Impossible for them to exist when P. D. Q. is properly used. Free a patent spout in every package to get the pesky devils in the hard-to-get-at-places and save the juice.

P. D. Q. is not an insect powder, no musk or dust, does not rot or burn the bedding.

P. D. Q. for family use 35c. Hospital size \$2.50 makes five gallons. — Your druggist has it or he can get it for you.

Genuine P. D. Q. is never peddled.

Buck Jones at His Best

Tale of a man who needed only a gun, a horse and a pair of boots to win his way to success.

Buck Jones, the daring Fox star, who has become distinguished among screen celebrities within two years, is at his best in "Bar Nothin'." Why?

Buck Jones found his part in this stirring drama more to his liking than any he had portrayed for a long time. As a result he threw himself into his work heart and soul. And when Buck does that he has scored a triumph before the picture is released.
